Stay away from Rose Cup June 11th-13th. Also from Historic Races in July, weekend after the 4th.

Mike suggested we mix up our sites so it is not repetitive.

Suggested we have double with Gymkhana and autocross.

Aug. event was most profitable. Made over \$1000.00!

Independence wants us but they are struggling to find us a lot that will work.

Timing issues are causing us to need the box. It would allow us to stop re-running and holding cars because it will keep running if the laptop fails. Other hand, the laptop system worked fine until we bought the wireless system. We may just have not figured it out yet.
