

Willamette Motor Club

General Meeting Minutes

Date: Thursday, March 18th 2010

Start: 7:40 p.m. End: 8:28 p.m.

Introduction of the Guests: Jeremy Evans, Shannon Hamlan

Approval of the minutes: yes

Attending Members: Eric Jennings, Chris Davie, Charles Cope, Mike Grant, Paralee Grant, Connie McIntire, Lisa Smith, Don Emerson, John Harris, Barry Warren, Ryan Davis, Stephanie Harris, Ripley Bryant, James Harris

Committees Information / News:

Website:

- Ripley put the 2009-2010 minutes up on the web site. He also updated the book and form for the 2010 Hillclimb.
- James asked about doing plug-ins for the WMC web site to enable videos.

Autocross:

- The first autocross of the year is on the 28th and course set up is Sunday at McKay. There is construction going on, and there is equipment and debris where we usually put the timing trailer.
- We still need a chair and co-chair for the last event on 9/26. Tim Maloney said he would chair if someone experienced would co-chair. We also still need sites for the last two events.
- Connie got a phone call from the real estate agent for the Woodburn dealership site. The owner sounds willing to let us use their site, Connie is going to send them information for insurance and our mission statement and hopefully we'll get the lot.
- Charles still has no word on camping at the fairgrounds.

Hillclimb:

- James and his dad went up to the hill to work on the timing issues. Lance has been talking to the people from Race America about the issues in hopes of getting them resolved.
- Stephanie graciously volunteered to be the registrar for the Hillclimb.

Old Business:

- James ordered and received bracelets.
- Charles brought a catalog for the tech stickers. 500 labels for \$19.96 is the final price, Connie moved that we order them and it was passed.
- Charles brought a registration form from the Emerald Club for people to see so we can decide if we want to do that for the WMC members to streamline the registration process. Ryan Davis is going to play around with the registration/tech forms to try and get a more concise form.
- We also discussed creating online registration with the option to pay through Paypal. James is going to look into the module from Axware to see what the cost is and Ripley will look into creating our own form.

New Business:

- James brought a calendar that he got from the Emerald Club that has all the events from the different clubs. He wondered if there would be interest in doing one for the WMC. Mike suggested it could be included with a membership.
- Barry suggested that next time we go go-carting we call a few days ahead of time so we have a guaranteed spot. Jeremy said you need 8-10 people to get your own heat. You need to be on time, if not early. We are next going go-carting Saturday, April 3rd at 11am.
